BRIEF ABSTRACT OF LETTER.

Proposes that the feeding at Subramanya on the occasion of the Champa Shasti festival may be restricted to 12000 persons only & no more and that the necessary provision therefor be supplied in lieu of cash; and that provision of Rs 4500/- in all be made in the budget.

NOTES AND ORDERS.

Owing to extra expenditure in excess of the allotment of Rs 2450/- for Barabazar Sankarpane and for feeding at the Birla & ~~Sri~~ Sankarpane chattrams, during the last some years, the question of curtailment of expenditure &

revision of the existing allotment ~~has~~ has been under the consideration of Govt. for some time past.

2. It will be seen from the recorded file 415-16-(1-9) that in March 1919, Mr. C. Venkata Rao, the then Dy: Comr: of

A Hassan proposed an allotment of Rs 4200 i.e an additional allotment of Rs 1750, and stated that no change either as regards the conveyance of the provision or the deputation of officers from the Govt. was called for, as the existing arrangements had been working satisfactorily.

3. Finally, the Dy: Comr: was told in

B. D. O. No. C-6/Mis 415-16-7 dt 29-10-20 that the feeding should be limited, as far as possible, to the amount available and that in the opinion of Govt. it was very inadvisable to exceed the allotment in future years; and he was requested to send up proposals in regard to the future of the Barabazar Sanitarpane.

4 The D.C. informed, in reply, that he would actually study the local

conditions and submit his proposals after forming an idea as to how far the expenditure ~~can~~ could be curtailed.

5. He has accordingly subd his proposals now:—

Attention is invited to some points of importance in the letter which goes into the matter in detail.

M 7 Referring to G. O. no. 2676-80/ Mis 174-07 dt 6-5-10, he says that the sanction of Govt appears to be not for a sum of money or allotment, but for the service of feeding 12 000 persons, and as the cost of provisions vary from year to year, the allotment for the sanctioned service will vary from year to year.

8. In para 3 of the letter he says "that after studying all the local conditions, I quite agree that the supplies should be made only in kind and not in cash." If the supplies are made in kind, he ~~say~~ states, that the risk of misappropriation ~~is~~ will be reduced, as provisions cannot be sold without attracting the attention of the public and giving

room for scandal; and that more effective supervision was possible then when the cash was given. The point that the supplies should be ~~make~~ made in kind having been decided upon in the order of May 1910, he argues, that it need not be called into question now & that the expenditure may be limited to the extent of feeding only 12000 persons & no more; and that the excess over that should be met from the temple & the mall. To relieve this end, he proposes that on the 3 days of Panchami, Shasti and Saptami, all comers may be fed and that on other days only as many as to bring up the total no; to 12000.

9. In para 5 of the letter, the above proposals are summarized.

10. The cost of feeding is estimated at Rs 4200, as noted below:- (Para 6).

| 1) | Cost of provisions | Rs 3000 |
| 2) | Cost of vegetables, firewood, wages of cooks etc | " 600 |

11. The cost of supply of sandalwood and cardamoms is estimated at Rs 300/- per year, and he states that this should be met from a special grant, as the supply of these articles is for use throughout the year. Inclusive of this, the total cost is estimated at Rs 4500.

12. In para 9, the D.C. states that the provision of Rs 4500 in the budget may be treated as an average advance from which the actuals may vary either by excess or by deficit; and that it may, therefore, be ruled that when there is an excess over the average amount of advance, the excess may be sanctioned and per contra, when there is a saving, it may be ordered to lapse to Govt.-

13. A list of articles showing the quantity required for the Baralingar Santarpane of 1921, has been forwarded by the D.C.

14. The points for orders are:-

1) ~~(a)~~ Limiting the feeding expenditure at Subrahmanya to 12000 people and providing Rs 3600 therefor.

2) Providing Rs 500 for feeding pilgrims at Bisle and Rs 50 for feeding at Sakleshpur

(1) The Deputy Commissioner, in para 4 of his letter, writes that since the Government Order of 1910, the Temple authorities at Subramanya, not taking kindly to the supervision of the feeding by the Government ~~xxxx~~ have believed that the Government would pay for the actual number fed even though it might exceed 12,000, and accordingly have pursued the policy of trying to exhaust the provisions of Mysore, as much as possible before the Shasti day, so that to avoid the disgrace of shortage of provisions, on the important days of car festival, the Government of Mysore would be forced to sanction extra expenditure.

2. As a remedy for this situation, the Deputy Commissioner proposes to make a clear announcement that the Government of Mysore, which adhering to the originally sanctioned service of feeding 12,000 people would not exceed that sanctioned service under any circumstances, but would see that the service is conducted properly and that the provisions are distributed with discrimination so that on the Panchami, Shasti, and Sapthami days, all comers would be fed; ~~Whereas~~ Whereas on other days, the Mysore Government would limit their contributions so as to keep within the sanctioned service of feeding 12,000 persons on the whole, the extra number of pilgrims if any being fed at the cost of the temple or the Matt to which the extra pilgrims may resort.

3. The Deputy Commissioner has calculated the expenditure on the approximate cost of provisions

provisions as per list submitted by two non-official members and he proposed a grant of Rs. 4,200/- as detailed below:--

| | | |
|---|---|---|
| | Cost of provision as per list | Rs. 3,000/- |
| (a) | Cost of vegetables, fire-wood, wages for coolies, etc. | 600/- |
| | | 3,600/- |
| (b) | Cost of feeding pilgrims at Bisle ... | 550/- |
| (c) | -Do- Saklespur | 50 |
| | | 600/- |
| | Grand total ... | 4,200/- |

4 In addition to the above, the Deputy Commissioner proposes to allot Rs. 300/- for supply of Sandal-wood and cardamoms. He says that these are supplied to the temple and the matt for use throughout the year and that it does not seem to be a proper charge on the santharpane ~~and charge~~ and has therefore to be met from a separate special grant.

5. With reference to the foregoing proposals of the Deputy Commissioner, I beg to submit that the Deputy Commissioner has based his proposals on incorrect and unfounded premises.

6. First with reference to feeding at Subramanya:

I recently came across a file of vernacular papers among the old records of the Mysore office which were lately re-sorted. These vernacular papers in this file appear to be the enclosures to the Sub Division Officer's letter to the Deputy Commissioner, No. 349 dated 8th November 1907. The file contains copies of the Sannads referred to in

referred to in the letter; and also the accounts of supplies made in previous years - from Srimukha to Vikrama ; the santharpane patti of 1878-80, and the Deputy Commissioner's communication to the Swami at Subramanya, No. 436 dated 13th November 1880 regarding the BharatazanSantharpane.

7. These records throw an entirely new light on the question of the obligation of the Government in respect of Parahazan Santharpane.

8. For purposes of easy reading, I append copies of the Sannads and Deputy Commissioner's communication

Paper F1.) is a copy of the Nirup issued by Dewan Purniah to the Amildar of Manjarabad under date. Durmathi, Magha Bahula 3, (1801-02); this Nirup is practically the sannad about the Parahazar Santharpane; and it has been followed up by a communication to the Swami of Subramanya under date. Durmathi Magha Bahula 5.

9. This Sannad only authorizes the issue of the following provisions sufficient for 12,000 persons. on the scale laid down:-- Viz.

48 pallas of rice @ 100 Srs. for 1,000 persons
12 Pallas of Togaribele 100 for 1,000 "
12 -do- Uddinabele 100 for 1,000 "

24 -do- of Gingelly oil @ 2 maunds. 1,000 "

46½ varahas and odd in cash for sundry articles such as Tamarind etc.

10. The Nirup directs the Amildar to supply the provisions, exercising great care and economy, and send them to Subramanya and deliver them

| | on Karthika Suddha 15 of every year from Dhundubhi forward. |
| | 11. The Dewan is communicating the issue of the Sannad, has requested the Swami to send for the -- provisions during Champa Shasti Utsavam, and perform the santharpane satisfactorily. |
| | 12. It will be seen from these two records that the original object was not to feed 12,000 people during the Champa Shasti festival - all at State -- expenses - but only to send certain specified articles to the quantities limited, and some cash as a State contribution for the Santharpane, the performance of which was left to the local authorities. |
| | 13. File is a copy of the Nirup issued by His Highness the late Maharaja Krishnaraja Wodier Bahadur III, to the Amildar of Manjarabad under date 18th November 1826. |
| | 14. This order which relates mainly to the feeding at Pisle Chatram, also makes mention of the supply of provisions sufficient for 12,000 persons during Champa Shasti - and it directs the Amildar to issue the provisions to be delivered at Subramanya as per manul. |
| | 15. The old accounts which are in the file of vernacular records, also evidence the deliveries of the provisions specified in the Sannad - or those articles specifically named and to the quantities stated in the Nirup. |

16. In 1890, in the faction between the Swami of the Matt and the Parpathegar of the temple, complaints arose about the actual delivery of the provisions for the santharpane - each setting himself up as the chief manager of the santharpane and on this, a letter No. 675 dated 28th November 1891, was caused to the Deputy Commissioner, which he was informed that "the supplies for feeding 6,000 Brahmins at the Narasimha Devaru Matt should be delivered to the Swami of the Matt while one Officer should watch and see them utilized for the proper purpose"; and that "the remaining half of the supplies should be used for feeding 6,000 Brahmans at the Subramanya temple and one Officer should -- personally see them duly used with the help of the authorities of the temple".

17. Even under this letter to the Deputy Commissioner which is regarded as the standing order on the subject, the obligation to feed 12,000 persons has not been assumed by the Government. The Government have only directed that provisions for 12,000 persons should be sent in charge of a responsible officer - who should deliver half to the Matt and half to the temple and see that the provisions are used for the prupose intended.

18. And from the above it is evident that the provisions contemplated are only those mentioned in the Nirup of 1801-2, and supplied for the santharpane in the previous years. This view is confirmed by the communication sent by the Deputy Commissioner, Hassan District No. 436 dated 16th November 1896. to the Swami in which the Deputy Commissioner has advise.

advised the despatch of provisions for the santharpane and Rs. 136-2-4 in cash and he has requested the Swami to take charge of them and have the Santharpane conducted. In this communication the Deputy Commissioner has stated that the Dist. Muzrai Officer has been deputed for the inspection of the Santharpane as directed by the Government.

The provisions sent are detailed in the letter and they are

42 pallas of rice,
12 " Thogaribele,
12 " Uddinabele,
43 maunds of Jaggery,
36 " of ghee,
24 " jingilee oil.
10 maunds of Sandal,
½ maund of carumunas

and Rs. 136-2-4 in cash - equivalent to 46½ Varahas and odd fixed in the Nirup of Dumathi.

19. Regarding Sandal, and carumonis, I shall explain the case further on. So far as the other supplies go, they have been the same all along since the Nirup of Dumathi (1801-2) and confined to the six articles named and to the quantities stated, - supplemented by a cash of Rs. 136-2-4 for sundries.

30. The local dispute regarding the [illegible] of the supplies for the santharpane, continued to be pressed even after the orders of Government and after further inquiry, the Government [illegible]

passed an order No. 2676-80/Muz.174-07 dated 6th May 1910, to the following effect:--

(1) That the grant was intended for feeding 12,000 pilgrims during the twenty days of the Jatra

(2) That the order of 26th November 1891 should be adhered to so far as it directs the distribution of the provisions required for the santharpane during the whole of Jatra period between the temple and the Matt.

(3) That neither the Matt nor the temple authorities can claim any beneficiary interest in the provisions supplied for the Parahazar santharpane and

(4) that they should each be given only the quantities actually required for feeding such persons as resort there during the period of the Jatra within the prescribed limits.

21. Even, according to this order, the Government have not assumed the obligation of actually feeding 12,000 people at the Santharpane, ~~the~~ The order only ~~re-iterates~~ re-iterates and affirms the previous order of November 1891 regarding the delivery of the provisions - half to the Matt and half to the temple - and that ~~one~~ our officer should only supervise the feeding - to be carried on by the Matt and the temple authorities themselves, the supervision being confined

confined practically to seeing that the provisions supplied are actually used for the feeding during the car festival and that no portion of it is otherwise appropriated by the temple or the Katti under a claim of beneficiary right to the surplus.

22. In short, the obligation of the Government in respect of the Santharpane is confined only to the supply of the particular articles of provisions 6 in number - and to the quantities fixed of each; and a cash grant of Rs. 136-2-4 for sundries - all as a contribution for the feeding of 12,000 -- Brahmans during Champa Shasti and it does not extend to the feeding of many persons entirely at State cost.

23. This view seems to have been lost sight of and for some years past, the Deputy Commissioner has been carrying on the entire feeding at State -- expenses.

24. A perusal of the bill of expenses incurred for the santharpane of 1920 which has been separately received, will show how free the purchases have been and how liberal also the expenditure under other items. This question will be separately worked up and submitted for orders.

25. For the present, I refer to it, only to show how the Deputy Commissioner has lost sight of the original Firup and has failed that it devolves on the Government to conduct the feast in its entirety.

publications of current prices so far as they relate to Hassan Head Quarters and I note below the cost of the articles of provisions to be supplied for the santharpane. under the Nirup calculated on the prices which prevailed in November and December last.

| | | | |

| 12 pallas black gram | | 38/- | 396/- |
| | | | 3588/- |
| Sundries -.. | Rs. 136-2-4 | | |

27. It may be said that the cost of these provisions under prevailing prices still goes up to Rs. 3,600/- - an allotment proposed by the Deputy Commissioner for the santharpane at Subramanya.

28. But the main point is, that in matters like this, the terms of the original grants should be adhered to as far as possible; the sanction in this case only sanctions the annual issue of certain articles of provisions and to the limits of quantities calculated to feed 12,000 persons. The number 12,000 - is only the maximum for which provision has to be made; the issue will depend on the actual number fed, proportionate to the scale prescribed - not exceeding 12,000/-

29. I give below the number reported to have been fed during the past 4 years:--

| | | |
|---|---|---|
| 1917 | ... | 10,929 |
| 1918 | ... | 8,354 |
| 1919 | ... | 14,819 |
| 1920 | ... | 11,403 |

It will be seen that in 1919, the maximum of 12,000 has been exceeded.

30. Except in years of very great rush, the number may not exceed 10,000; and the expenditure may also be brought down a good deal by

(1) a timely purchase of the provisions by contracts given out at favourable seasons - even for 2 or 3 years at a time - instead of walking into the bazaar at the last moment, and

(2) by regulating the issue of provisions at Subramanya - in strict observance of the limit of time (20 days) and number fed (12,000) - with a strict scrutiny of the number of pilgrims actually fed at the Matt and temple day by day.

31. Any further articles, besides those named in the Nirup - should be purchased by the Matt and the temple on whom the primary responsibility of carrying on the santharpane should continue to rest.

32. Now as regards the sandal wood and cardamoms, reference is requested to the Government order No. 270-2 dated 20th July 1907: It will be seen

seen therefrom that the supplies for Varahazar santharpane include 10 maunds of sandalwood and ½ maund of cardamoms and that these should be purchased from the Forest Department out of the allotment of Rs. 2,000/- sanctioned for Varahazar santharpane. These articles should therefore be treated in the same way as the other provisions supplied and confined to the actual requirements of the occasion. The Deputy Commissioner has taken the supply as a fixed grant, and has proposed a special grant therefor irrespectiv of the actual requirements of the santharpane limited to 12,000 persons. The Deputy Commissioner's views that they are supplied to the Matt and the Temple for use throughout the year is not supported by any records.

33. To conclude - under the terms of the original Sannad of 1801-2 and the Government orders of 20th November 1891 and 6th May 1910, theGovernment are under no obligation to bear all the expenses of actually feeding 12,000 pilgrims during the Bhasti festival. On the other hand, the Government have to supply, as a sort of contribution, ~~or~~ only the articles named in the Margin, and that, to the extent required for the feeding of pilgrims during the twenty days of the Bhasti utsavam at Subramanya, subject to the maximum of 12,000 persons, the cost of these supplies may, even under the present market conditions, be managed within Rs. 5,200/- or Rs. 5,500/- at the out

34. The Budget allotment provided for the Sathar pane is only Rs. 2,000/- a sum fixed several years ago, an additional grant of Rs. 1,200/- to Rs. 1500

Rs. 1,500/- a year is still necessarily required. To provide for this, I would respectfully submit that the feeding allotments of some of the chattras in the District be assigned for purposes of the Sarahazar Santharpane. Such a course may not be viewed as a diversion of the chattram charity, for the feeding allowance will still continue to be appropriated only for feeding and that in places where such feeding will be better appreciated by all. This principle has been practically accepted by the Government in Proceedings No. 804-17/Auz.177-14-10 dated 11th October 1916.

35. For the present, it seems to me that the chattrams at Hassan and Arsikere may be converted into rest-houses and the savings of actual feeding allotments may be assigned for Parahaar santharpane If the amount so assigned is still not sufficient the chattram at Baklespur may also be similarly dealt with.

36. Lastly in regard to the feeding at Pisle and Baklespur, this is entirely a separate affair. At both these places, chiefly at Pisle - the chattry is resorted to for about a month during the Sasti - festival season by pilgrims going to and from Subramanya.

37. To meet the expenses of this feeding of travellers, the Government have set apart Rs. 450/- out of Pisle chattram Hasdin - Rs. 350/- for feeding at Pisle and Rs. 100/- for feeding at Baklespur.

No. Office of the Deputy C
Hassan District,
Dated, Hassan, the 18th May

From

P. Venkob Rao, Esquire, B.A.,

Deputy Commissioner, Hassan District.

To

T. N. Krishnamurthy, Esquire, B.A., B.L.,

Secretary to the Government of Mysore,

Uncultivated Lands Department,

BANGALORE.

Sir,

With reference to your letter No.DGFS/UNC.417-415-17-C dated 7/8th February 1951 stating that the Government hope that I would be able to furnish practical proposals for the distribution of Devarayanadurga Estate lands after personal investigation into the matter, I have the honour to state that, with the instructions reported to me in C.O.No.---1070-C/ UC.200-20-C dated 10th November 1950, I went to Subramanya and carried out the inspection of the Devarayanadurga Estate, Kyathi, Kadiga and Kallahalli lands. In the light of the information collected personally on the spot and as a result of discussions with both officials and non officials I have to submit the following report.

2. There appears to be an impression that the sanctioned allotment is being exceeded with regard to the Devarayanadurga Estate lands. But on a careful study of the papers

28

it appears to me that the impression that the sanctioned allotment is being exceeded is not correct. Mr. Subramanya Iyer, the then Muzrai Superintendent visited Subramanya and made careful enquiries and Government Order No.2370-80/Muz.174-07 dated 6th May 1910 based on his inspection is the standing order on the subject. In this order, the Government say that "the Government agree in the Deputy Commissioner's view that the grant was intended for feeding 12000 persons during the 20 days of the Jatra". The sanction of Government therefore appears to be not for a sum of money or allotment but for the service of feeding 12000 persons, and as the cost of provisions will vary fro --- year to year, the allotment for the sanctioned ~~for~~ service will also vary from year to year. This appears to have been the understanding as can be seen from the subsequent order of Government No.1093-100/Muz.155-14 dated Bangalore, 3rd November 1915. This order refers to the budget provision only as an advance. The feeding is one conducted in connection with a Car gifted to the temple at Subramanya by His late Highness Sri Krishnarajendra Wodiyar Bahadur, ~~the Third~~ and the function has to be conducted with appropriate dignity. This has been recognised in -- the letter from the Secretary to the Government of Mysore, to - the Deputy Commissioner, Hassan, No.1886/Muz.413-16-1 dated 25th January 1917 in which the following passage occurrs " If the feeding cannot be so limited, are there any other expedients which will be acceptable to the body of pilgrims congregating?". I have consulted non-official opinion in order that the limitation of expenditure may be done on the lines of least resistance and consistently with the dignity of the occasion and of the donor.

3. In the G.O. of 6th May 1910, the following passage occurs in para 4 "supplies for this Santarpana should, like now grant direct as heretofore, be made in kind and not in cash as recommended by the Deputy Commissioner". After applying all the local

local conditions, I quite agree with "The [illegible] should be [illegible]
[illegible] [illegible] [illegible] [illegible] [illegible]
[illegible] [illegible] [illegible] [illegible] [illegible]
[illegible] [illegible] [illegible] [illegible]

of December 1[illegible] was strongly to the effect that the [illegible] ment ought to undertake the feeding of all the pilgrims [illegible] during the Jatra season, even though the number [illegible] above 1000. By discussing the matter with prominent persons and explaining the position, I think the public concerned here [illegible] would not be unwilling for the [illegible] to be limited to the supply of provisions for 1000 pilgrims, leaving uncertain, unlimited responsibility for all the pilgrims.

The trouble in connection with the government order has been evidently this. The authorities of the temple certainly were reluctant that the restriction of [illegible] to provide the feeding, did not realize that the service sanctioned by the State Government [illegible] for 1000 people, believed that the State Government would pay for the actual number fed even though it might exceed 1000, and accordingly pursued the policy of trying to get about the provision of [illegible] as much as possible before the [illegible] day, so that to avoid the disgrace of shortage of provisions on the important days of our festival, the government [illegible] would be forced to sanction extra expenditure. The remedy for this situation is a clear announcement that the Government of State will limit its originally sanctioned service of feeding 1000 people only and not more than sanctions service under all circumstances but would see that the service is conducted properly and that provisions are distributed with discrimination so as to [illegible] the [illegible] days, all comers would be fed, [illegible] on other days, the State Government would limit their contributions to an amount sufficient to [illegible] the sanctioned service of feeding 1000 persons on the whole, the extra number of pilgrims if any being met at the cost of the temple or the [illegible] to which the extra [illegible] pilgrims may belong. This above announcement will [illegible] the temple authorities [illegible] nothing to gain by causing waste and trying to create a [illegible] situation for us on the Panchayat, [illegible] as we should [illegible] distinctly what we mean to do, viz., that we will provide [illegible] and not more, the temple authorities would [illegible] to check waste and making the best use of the provisions supplied

according to a separate Standard and are given

sandalwood and cardamoms may be treated as an average advance from which the actuals may vary either by excess or by deficit. It may be ruled that when there is an excess over the average amount of advance provided in the budget, the excess may be kindly sanctioned and per contra, when there is a saving, it may be ordered to lapse to Government.

10 If it is possible to reduce expenditure at Subramanya for the --- milk and curds by calling for tenders long in advance of the occasion such economy will be effected and instructions have been issued to the Sub Division Officer to this effect. The two non-official gentlemen who were deputed to supervise the arrangements for the Santarpane this year i.e., Messrs: Balali Venkataramaiya and Thimmappaiya did their duty very well and the arrangement may be continued in future years.

11 The Barchazar Santarpane is done on account of the festival of a car presented by His Highness the late Sri Krishna Rajendra Wodeyar Bahadur III and in order that the Barchazar Santarpane may fulfil its purpose, it is necessary that the car should be in good repair. When repairs are required for the car, the Executive Engineer of the Hassan Division may be instructed to get necessary repairs executed on a special estimate to be sanctioned by the Government for the purpose.

12 As regards the nature of our supervision at Subramanya one point may be made clear. We have only to see that the amount of ... for them we supply provisions as fixed and see that they are properly but the supervision should not be so detailed as to give the impression that the Mysore Government is managing the Santarpane by themselves. We have to make it clear that the primary responsibility for the proper use of provisions rests with the local ... and the Mutt Authorities and that they cannot interfere in petty matters to go wrong and then throw upon us for its responsibility. I addthe local authorities and also the public at Subramanya ... stand

understand this time that we go there only in a friendly manner to see that everything goes on well and that one duty is limited to the supply of provisions for the sanctioned service of feeding 10000 persons and that it is the duty of the temple and the Government to provide the necessary serving establishment etc., and to make the needful for giving shelter to the pilgrims and to see that the above provisions are forthcoming out of their own resources in case the number of pilgrims to be fed goes beyond the 10000 for which the Government has undertaken responsibility.

13 There are a few other matters connected with Subramanya, but as they do not have a direct bearing on the subject of Bara Mahotsavam, in the present case, a separate report will be made about them.

14 I request that early orders of Government may be passed on my proposals and that the Darshanam Sanctioned may be sanctioned in the service for the supply of provisions for feeding 10000 Pilgrims as per list enclosed and not as an allotment of money and that the average advance of ₹ 4500/-, i.e., ₹ 450/- for Sathyamangalam and ₹ 500/- for the separate supply of sandalwood and tonsuring may be finally ceased to be provided in the budgets of future years.

I have the honour to be,

Sir,

Your most obedient servant,

Deputy Commissioner,

Hassan District.

Dear Sir,

Referring to this office D.O.N. 4705/Mu583-20 dated 30-6-21 asking for a statement of provisions purchased and issued for Barahack's contingent and of members fed day by day during the previous years, I am to request that you will be good as to send the statements at once, even by return of post if possible. If it will take some time to get the information for all the three years, it will be sufficient for the immediate present if you send the information at least for one year - say for 1919 or 1920 - and further statements may follow.

Yours sincerely,
